BRITISH PAY DEARLY FOR BELMONT VICTORY.

MANY CHECKS GO TO THE EBELL.

Aguinaldo in Hiding and His Troops Roving Bands of Robbers.

Sustain Heavy Losses While the Boers Retire in Good Order With Few Casualties.

The Ladies Are Making a Fine Showing All Over the City.

Associated Press Dispatches by The Tribune's Special Leased Wire. WASHINGTON, Nov. 24.—General Otis summarizes the situation in Luzon in a dispatch to the War Department today in which he says that the insurgent government can no longer claim to exist, its troops and officials are scattered and Aguinaldo in hiding. The dispatch follows: "MANILA, Nov. 24.—Claim to government by insurgents can be made no longer under any fiction; its Treasurer, Secretary of Interior and President of Congress in exiles; its President and remaining Cabinet officers in hiding, evidently in different central Luzon provinces; its generals and troops in small bands scattered through these provinces, acting as bandits or dispersed playing the role of 'amigos' with arms concealed. Indications are that Aguinaldo did not escape through the lines of Lawton or Wheaton but fled westward from Baguio along the railway station. Telegraphic communication to Baguio established probably to San Paban today. By relaying nine miles of track with material at hand, railway communication to that point re-established; major or troops must attend maintenance."

THE FIGHT IN NEGROS. Fuller details of the sharp engagement between Carpenter's command and the insurgents in Negros resumed the war Department today in the following dispatch from General Otis, dated Manila, today: "On the 21st, enemy vicinity Jaro, Carpenter, with two battalions Eighteenth Infantry and Bridgeman's battery, had severe engagement at Pura, north Pinaro. His casualties five killed, twenty wounded. Enemy driven north with heavy loss. Carpenter passed on to insurgent stronghold, Santa Barbara, he captured 224 inst. without loss. Nothing received from column under immediate command Hughes, which is moving rapidly and operating north and west of Santa Barbara. Apparently Visayans friendly; enemy consists of 2,000 Tagalos."

AMERICAN CASUALTIES. General Otis also sends the following list of casualties sustained since his last report: "In action on Maricao, Panay, Nov. 21st, Howard Lowe, Sergeant, G. Sixty Army; William Adley, E. Eighteenth Infantry. "In action near Barrio Tanabang, 11th, Thomas E. Gardner, L. Seventeenth Infantry. "Wounded—Charles E. Japane, Seventeenth, right thigh, moderate; 10th, John E. Miller, A. Seventeenth, right chest and abdomen, severe. "In action at Maricao, Panay, Jas. M. Casey, B. Eighteenth Infantry, left thigh, slight; in action near Barrio Pinaro, Richard Corbett, C. Twenty-sixth Infantry, neck, severe; 15th, James L. Reedy, A. head, severe; in action at Anabao, Luzon, Paul P. Phenser, F. Eleventh Cavalry, left thigh, moderate; Edward Johnson, head, moderate; William W. Hinman, Corporal, right leg, moderate. "A later dispatch from General Otis gives the results of the fighting at Maricao as follows: "Holla, reports enemy driven back into mountains; insurgent capital Cabañatuan captured. Only serious casualty that of Carpenter at Pura; total casualties five killed or slain, died of wounds; twenty-seven wounded; captured ten prisoners; eighteen cannon, six rifles, quantities of ammunition. Enemy's casualties not stated."

REBEL CAUSE IS HOPELESS. President of Filipino Congress Deserts Insurgents.

Associated Press Dispatches by The Tribune's Special Leased Wire. MANILA, Nov. 24.—5:50 p. m.—Bautista, president of the Filipino Congress, presented himself to General MacArthur today and formally renounced all further connection with the "insurrection." He was one of the influential leaders who had been at the beginning of the war as to which side to cast his lot. He was offered a judgeship of the Supreme Court but declined. He now announces he desires to accept the position and says the Filipino Congress and Cabinet are scattered, helpless, and some of the members, he adds, have returned to their homes, while others are flying for safety. Many of the Congressmen, he remarks, believe the Filipino soldiers will lay down their arms everywhere as soon as they learn the truth.

DEADLY TUBERCULOSIS. Two Men Engaged in Killing Infected Cattle Lose Their Lives.

Associated Press Dispatches by The Tribune's Special Leased Wire. SAN JOSE, Nov. 24.—A death occurred at Gilroy last afternoon which is destined to attract wide attention from the medical profession. The case also presents important facts for the general public. The death was that of Elmer Hives, a man of 29 years of age. Another man, Burt Haley, is at the point of death at Gilroy with the same disease, tuberculosis. A couple of years ago two men, as hale and hearty as any in the valley, were engaged in killing and dissecting cattle infected with tuberculosis. The man, Dr. Spencer, at that time veterinary inspector. There is little doubt that the germs from the affected cattle spread to the two men and that Haley is now suffering from the disease. Dr. Clark says that while the men were engaged over the stumps, the fumes arose and inhaled them. Haley is now dread malady. Haley is still alive, but low. Hives was an athlete, with no record of any disease, weighing about 200 pounds and full six feet high. He was one of the most popular and widely known young men of the south end of the county. His general with the head tomorrow at Gilroy. The disease appeared in both men, about a month ago, and progressed rapidly. It is said there is no hope for Haley's recovery.

TENNESSEANS LEAVING. Associated Press Dispatches by The Tribune's Special Leased Wire. SAN FRANCISCO, Nov. 24.—The Tennessee volunteers, who were mustered out of service on Wednesday, are leaving for their homes in detachments. A large number started last night, and the rest will probably get away within the next day or two. The soldiers are traveling as individuals, no organized attempt made to keep them together, though most of them will go through in large detachments on special trains.

LONDON, Nov. 24.—The pathetic scenes which have marked the days following the engagement between the British and Boers at Belmont and Belmont, Nov. 21.—It is believed that the government will soon release Winston Churchill as a non-combatant. The prisoners from Belmont and Belmont are mostly railroad men. After they had taken the oath not to fight against the Transvaal they were sent to Delagoa Bay.

WILL RELEASE CHURCHILL. PRETORIA, Nov. 24.—It is believed that the government will soon release Winston Churchill as a non-combatant. The prisoners from Belmont and Belmont are mostly railroad men. After they had taken the oath not to fight against the Transvaal they were sent to Delagoa Bay.

A COSTLY VICTORY. Up to noon the government officials had issued no further dispatches, and so the nervous distrust of the public remains unallayed. General Methuen's message leaves a great deal to be explained. According to all previous facts obtainable as to the relative strength of the forces, the Boers must have been in a decided minority, yet the total British loss, 20 killed, wounded and missing, proves the effectiveness of their resistance and the courage and skill with which the Boers carried off their dead and wounded. Shows that they retired in an orderly manner without precipitation or confusion, and that probably the Boer casualties were not numerous, owing to the strength of their position. The destruction of the Boer ammunition captured is taken as an indication that General Methuen occupied the captured position at Belmont and destroyed the Boer supplies. Order not to hamper the immediate advances of his flying column, which is marching in the lightest order.

ANOTHER FIGHT LIKELY. The road is now presumably open to the Boer position on the Modder River, where the Gualds, who apparently bore the brunt of yesterday's fighting, will in all probability have another chance to get at close quarters with the bayonet. Lieutenant Hubel, of the Grenadier Guards, who was dangerously wounded at the battle of Belmont yesterday, has since died of his wounds. The following dispatch to the Colonial office: "Tugela drift was attacked during the morning of Thursday, November 23d, by 20 to 30 Boers, who are believed to have advanced from Tzela and Makar, forced the Boers to retire after two hours fighting, and lost a sergeant-major wounded. "The Tugela drift during the day and is now reported impassable except by boats."

CHARLESTON DISAPPEARS. Last Hope of Saving the Cruiser Is Gone.

Associated Press Dispatches by The Tribune's Special Leased Wire. WASHINGTON, Nov. 24.—The Navy Department has received the following cablegram from Captain Leuz, commanding the naval station at Cavite, dated Manila, today: "Cuba reports Charleston disappeared. "The Outlook was the relief ship sent out from Hongkong. It is believed at the Navy Department that the Charleston has been sighted, but the report has been discredited. The last hope of saving the ship."

GEN. WOOD COMING HOME Will Confer With McKinley on Affairs in Cuba.

Associated Press Dispatches by The Tribune's Special Leased Wire. WASHINGTON, Nov. 24.—The War Department has been advised that the transport McPherson sailed today from New York for Washington. General Wood, the officers of the War Department, from the Secretary down, refuse to make any statement as to the visit of General Wood to Washington at this time. It is beyond question, however, that it is the purpose of the President to advise with the General upon Cuban affairs in order to strengthen his hand in dealing with that subject in his message to Congress. It is also not to be doubted that the name of the General has been under consideration in connection with the civil affairs of the whole or part of Cuba, when the change is made from a military to a civil form of government. The names of General Ludlow and of General Wilson have also been considered. General Ludlow presided over the Government of Cuba, and now it appears likely that General Wilson will also be invited to come to the capital, so that the President will be personally acquainted with the qualifications of the three officers, who have been looked upon as making up the limit of choice in the civil government.

SITUATION AT MAFEKING IS CRITICAL. Associated Press Dispatches by The Tribune's Special Leased Wire. MAGALAPAE, Cape Colony, Sunday, Nov. 19.—A dispatch received here from Mafeking dated Wednesday, November 15th, says: "The garrison is cheerful but the position is daily growing more difficult. The Boers are always drawing their reinforcements closer and are incessantly playing the 'cat and mouse' game. The Boers are living almost entirely in underground shelters, and the health of the troops is suffering."

BOER ATTACKS ON LADYSMITH DISASTROUS. Associated Press Dispatches by The Tribune's Special Leased Wire. MOOI RIVER, Natal, Nov. 24.—The Boers have only sent an occasional shell into the British camp since this morning. The range of the British guns is not sufficient for them to be effective. An official native rumor corroborates the report that heavy firing has occurred northward. The rumor, which is from Delagoa Bay, says he was captured by the Boers, who infuse the heights northward. He adds that they searched him, but failed to discover the dispatches. "The Boers are in strong force under the cover of a hill on which are two guns. When the British opened fire the runner escaped to the Boers. "The same rumor was at Ladysmith last week. He reiterates that heavy fighting occurred there. The Boers, he claims, must have several camps, to capture the British camp, but were repulsed with heavy loss. The native explained the failure of the assaults by saying that every time the Boers approached the British set the whole country ablaze, killing every one within reach."

BOERS EXPECT TO DOMINATE SOUTH AFRICA. CAPE TOWN, Nov. 24.—Unconfirmed reports continue to arrive here to the effect that General White recently caught the Boers in a trap at Ladysmith, inducing detachments of the beleaguering force to venture into the open country, when sharp parties from the British camp captured them. It is difficult, however, to believe that news of such importance would not have been officially announced. Three squadrons of Afrikaander light horse have gone northward. A Maxim is placed at the gate of the town. From the Boers' position, every one is in favor of fighting. They believe they will succeed in annexing all the beleaguering towns. The flag of the United Republic, now ready, bears the Orange Cross. The Boers expect the war to last from four to six months, when they will possess South Africa. Commandant Albrecht and Lieutenant

DETAILS OF FIERCE FIGHT AT BELMONT. Associated Press Dispatches by The Tribune's Special Leased Wire. CAPE TOWN, Nov. 24.—From the few details which have reached here of General Methuen's fight with the Boers at Belmont, it appears that Boers from Fincham's farm shelled an advance body of the British Wednesday, November 23d, and the Boer artillery was pushed forward and shelled a hill which the British subsequently occupied, capturing two guns. The Boer casualties were thirty men killed and wounded. The Boer main column left Fincham's farm during the afternoon and camped five miles distant. At dawn on Thursday the Boers fired from the hills, 1,000 yards distant, on the British advance force. Other troops were then pushed up, and the Boers were then pushed up, and the British artillery made excellent practice and silenced the Boer guns. Then two battalions of the Grenadier Guards and Northumberland regiment stormed the heights at the point of the bayonet. "The Boers were driven back and a storm of lead, the Boers and Northumberland pushed up the incline and reached the summit, doing great execution with their rifles and machine guns, and capturing the Boer guns, equipment, and other stores. The entire position was carried by 8 o'clock, the cavalry, consisting of the Ninth Lancers and mounted rifles, pursuing the Boers. The Boers, it is estimated, numbered 3,500 men. Their loss is unknown. THEY ARE WORKERS IN THE VINEYARD OF THE LORD.

Edited by MISS DELL JEWELL, of 608 Sixteenth street, Chairman of the Alameda County C. E. Press Committee.

CONSPIRATORS SENTENCED

Lawyers Ingham and Newitt Will Serve Time in the Penitentiary.

This evening the Intermediate C. E. Society of the Market Street Congregational Church will give an entertainment in the Sunday School room, the proceeds to go to the benefit of a lawn fund. A pleasant time is assured all who attend.

A SUCCESSFUL RALLY.

The winter rally of the Mizpah Union was held at Centerville last Friday evening. There was a good attendance and the program proved interesting and profitable. The uniform topics suggested by the United Society were followed in part. The main address of the evening was on "Liberation," given by Dr. A. P. Beck of North China. There was a stereoscopic lecture, and it was exceptionally fine.

The Decore and Alvarado societies have been organized to disband for the present, but all of the other societies in the Union are in a flourishing condition. At Newark the Endeavors have opened a reading room. They need more books, and donations from those who have books to spare will be thankfully received.

GOOD CIDER FROM ALAMEDA.

Thursday evening, November 17th, the regular monthly business meeting of the Alameda Young People's Christian Union was held at the Santa Clara Avenue M. E. Church. Delegates from seven societies were present. The business being finished, the subject of "Good Literature" was discussed. The importance of the cultivation of the intellectual nature as essential to the highest spiritual development was clearly shown.

The third vice-president of the M. E. South Epworth League reported the preparation of a course of winter reading for the society. Progress was also reported in the "Christian Culture" course as taken up by the Baptist Young People's Union.

Arrangements were made for the next quarterly prayer meeting, to be held on November 26th at the First Congregational Church. This is to be a Thanksgiving meeting and the regular young people's topic will be used. The meeting will begin at 6:45 P. M., led by Mr. Charles Usinger.

PRESIDENT'S LETTER.

This week we introduce a new feature which we hope to make permanent, namely, a letter from our county president. It writes us follows:

"It was my pleasure on recent Sunday to go to Livermore and lead the C. E. Society of the Presbyterian Church. I found a member of our county committee, in an earnest worker there, and surely the society is one that most of our city churches might well desire to have. I do not know the membership, but there were about fifty present and the meeting was both helpful and enjoyable.

"After the Endeavor service was over, and I thought my labors were ended, the pastor, Rev. Hicks, a young man whom it does me good to meet, and who takes a very vital interest in the Endeavor Society, said I must fill his pulpit for the evening. Rejoice, for I was of no avail, so I talked for twenty minutes on 'Christian Endeavor, Its Aims and Objectives'."

KAISER VISITS BLENHEIM.

Enthusiastically Cheered by the Crowds Lining His Path.

Associated Press Dispatches by The Tribune's Special Leased Wire.

WINDSOR, England, Nov. 24.—Emperor William went out riding this morning and was afterwards photographed with the Empress. Their majesties attended the memorial service for the late Princess of Leiningen, in the private chapel at Windsor Castle, at which Queen Victoria was also present. The Prince of Wales and the Duke of Connaught started for Blenheim at noon in order to visit the Duke and Duchess of Marlborough. The Empress of Germany did not go to Blenheim, owing to the death of the Princess of Leiningen.

The news of General Mathews's victory was enthusiastically received by the Grenadier Guards stationed at Windsor. The commanding officer addressed the men on parade and round about of cheers was given.

KAISER AT BLENHEIM.

WOODSTOCK, Nov. 21.—Emperor William arrived here at 12:45 P. M., accompanied by the Prince of Wales and the Duke of Connaught. His majesty was enthusiastically welcomed. The streets were decorated with the German, British and American colors. The Duke and Duchess of Marlborough awaited the Imperial party at the railroad station, where a number of the Queen's Own Oxfordshire Hussars formed a guard of honor. The Mayor and corporation were in attendance, and the church bells rang out peals of welcome.

After the greetings between the Emperor and Duke and Duchess of Marlborough on the platform, his majesty entered an open carriage and was driven to the palace. The whole route was lined by crowds. As the Emperor passed from the railroad station he was greeted with round about of cheering, which he acknowledged by uncovering several times and finally raising in his carriage and holding the Prince of Wales and the Duchess of Marlborough occupied the same carriage. They were cheered throughout the route.

After an inspection of the many objects of interest, his majesty had luncheon and planted a pine tree in the park in commemoration of his visit.

YOUNG BOY GOES TO THE ASYLUM.

Victor C. Bailey, aged 17 years, was recommended by Drs. Dunn and Eiton this morning for commitment to the insane asylum at Asylum.

The boy was arrested on complaint of his mother, who resides at 615 Twelfth street. In her petition for her son's commitment she stated that he is very melancholy and refuses to leave the house. On several occasions he has threatened to stab his mother with a knife if she did not leave him alone. His behavior is so violent that he is a danger to himself and to the light for fear people will look at him.

A Heavy Failure.

HAYWARDS MERCHANTS AFTER THE PEODLERS.

BREKIDLEY, Nov. 24.—The question as to whether the fines imposed in the Berkeley Court for violations of town ordinances, shall be paid into the Town of the County Treasury, will probably be soon decided in the Superior Court. Judge Edgar is of the opinion that under the present laws the fines must go to the county and as his opinion is supported by that of the District Attorney he has been turning the money obtained by such fines into the County Treasury.

NILOS, Nov. 24.—The Ladies' Guild met Wednesday afternoon with Mrs. Wm. Snyder. Owing to the pleasant weather there were twenty-nine present. Plans were discussed for the coming bazar, which is to be held in Ford's Hall on December 28th, the date having been changed.

HAYWARDS, Nov. 24.—The chief subject of discussion at the meeting of the Board of Trade Wednesday evening was the action taken by the Town Trustees in refusing to put a license on vegetable peddlers.

THE TOWN TRUSTEES have taken no action in the matter. But with the prosecution of the saloon keepers for violation of the recently enacted liquor ordinance and the prospect of a fine of \$500 as fines imposed as fines for such violations, the Trustees have been aroused to action.

SNOW WILL BE SUED.

President Rowe Says Action Will Be Taken in a Week.

Regarding the question of bringing a suit against ex-Auditor Snow for the purpose of determining his right to retain his commission for the collection of personal taxes, Councilman Rowe said today: "I have said to no one that I would begin suit. I have said that such a suit would be begun, because I know that a number of reputable citizens, business men and bankers of this city have stated to me that the question at issue between the Council and the Mayor should be determined by the courts. A suit to settle the case will be brought. There is no question about that. It will be brought by citizens. When it will be filed I do not know. It may be a week or it may be ten days before the papers will be filed."
